

Baltimore Underground Science Space (BUGSS)

A space for Creative Biology

Baltimore Underground Science Space (BUGSS) seeks a part-time lab instructor to teach “Science in the Morning” Summer Camp.

Details

- 24 students
- Ages 9-13
- Meets at New Psalmist Baptist Church in Baltimore
- July 5th-31st
- 9AM-12:30PM
- Supported by 1-2 teaching assistants

Position Description:

The Science Instructor will work closely with BUGSS to implement a learning experience for students who are part of the STEMcx program (<https://www.stemcx.org/>). Our goal is to present hands-on, creative science activities that engage and excite students from diverse backgrounds. The Science Instructor will implement a hands-on science curriculum, designed by the BUGSS team. Lessons will be 3.5 hours each day. The instructor must have basic proficiency in biological laboratory techniques and be comfortable leading a group of 24 students at a time with support. The instructor will be supported by three teaching assistants who will be responsible for providing instructional support at the discretion of the instructor.

Specific Qualifications

- Bachelor’s or graduate degree in science field (required).
- Research experience working in a basic science lab setting (required).
- Experience working with elementary, middle and/or high school students (required).
- Experience leading groups of students as a teacher or instructor (highly preferred)
- Experience with basic lab safety requirements and procedures (biosafety level 1)
- Strong organizational skills
- The ability to and enthusiasm for interacting with diverse individuals

To apply:

Please send a cover letter and a resume/CV to Lisa Scheifele, Executive Director, at lscheifele@bugssonline.org . The position will remain open until filled.
