

Baltimore Underground Science Space (BUGSS)

A space for Creative Biology

Baltimore Underground Science Space (BUGSS) seeks part-time lab teaching assistants to help teach “Science in the Morning” Summer Camp.

Details

- 24 students
- Ages 9-13
- Meets at New Psalmist Baptist Church in Baltimore
- July 5th-31st
- 9AM-12:30PM
- Teaching assistants support a lead science instructor

Position Description:

The teaching assistants will work closely with the lead instructor to implement a learning experience for students who are part of the STEMcx program (<https://www.stemcx.org/>). Our goal is to present hands-on, creative science activities that engage and excite students from diverse backgrounds. The program will implement a hands-on science curriculum, designed by the BUGSS team. Lessons will be 3.5 hours each day. The teaching assistants should be willing to follow the lead of the instructor and provide support. Assistants will be responsible for working most closely with small groups of up to 12 students.

Specific Qualifications

- Background or pursuing an undergraduate degree in science field
- Some research experience working in a lab setting
- Experience or interest in working with students (required).
- Willingness to learn and adhere to basic lab safety requirements and procedures
- The ability to and enthusiasm for interacting with diverse individuals

To apply:

Please send a cover letter explaining your background and interest and a resume/CV to Lisa Scheifele, Executive Director, at lscheifele@bugsonline.org . The positions will remain open until filled.
